

Davon Hardy

Davon is an active senior at Canisius High School. A motivator and positive role model for others, Davon's welcoming presence sends uplifting energy to those around him which is why he was selected to represent Canisius at the High School Prep Fair.

Davon has spent numerous hours in service to Buffalo Prep of which he is a proud student, and has participated in Biomedical STEP, representing the program in several science and mathematic bowls.

Outside of school Davon has volunteered with Viva La Casa, The City Mission, Durham Memorial Church, and numerous other community programs with a smile and determination to help and inspire others. He has been recognized for his leadership skills, artistic endeavors, and perfect attendance. In addition, he has received an award created just for him because of his invaluable contribution to Buffalo Prep's Chat program.

For his inspiring and uplifting influences in his school, family, and our WNY community, the NFJC is proud to present Davon Hardy with the Community Leader Youth Award.
