

Patrick Uhteg, Jr.

Patrick is involved with and serves on several committees that positively promote respectful relationships between students and within schools. A warm and caring senior at Lancaster High, Patrick serves on the Superintendent's Student Advisory Committee, has been involved with Bald for Bucks, Social Leadership Academy, and the SWISS group (Students Working to Improve the School Setting).

An Honor Roll student, he concentrates his energy on creating constructive interactions between groups of people. One example is how Patrick helped all students receive e-mail accounts to improve communication between students, faculty, and staff. In addition, he helped get the "Grab and Go" lunch cart strategically placed so that all students would have a chance to eat a healthy meal throughout the school day. Because of his many outreach efforts, he was inducted into the Lancaster Youth Bureau Hall of Fame.

For his compassionate spirit and desire to create community, the NFJC is proud to present Patrick Uhteg Jr. with the Community Leader Youth Award.
