

Corporate Award

Basil Family Dealerships

Basil Family Dealerships began over 65 years ago when Joe Basil Sr. began as a salesman at the age of 21. Since then, this locally owned business has grown to include 11 locations across Niagara, Erie and Chautauqua counties, proudly employing over 800 WNY'ers.

This family business credits its success to the fundamental values of Joe Basil Sr. who believed in treating customers and employees as part of one big family. Their motto is simple "the drivers we service are our neighbors, family and friends." They create an inclusive working environment connecting their business to the communities they serve.

That giving spirit has extended throughout the years in various ways, including supporting the Matt Urban Hope House, which provides necessities for those in need, and Basil collects donations for Toys for Tots. For over 15 years, they have sponsored their Vehicles for Vets Promotion which gives away a vehicle to a deserving veteran, as well as giving donations to the Veteran One-Stop Center, and The D'Youville Student Veterans.

For their consistent and dedicated work, and their many contributions to people in WNY, the NFJC is proud to present Basil Family Dealerships with the 2019 Community Leader Corporate Award. Accepting this award today is Chuck Basil.

"...a just community begins with me!"
