

Bryonna Mrozik

Leading by example to promote positive change is how some describe this personable 12th grader at Alden High School. Bryonna, a Girl Scout Silver Award winner, is always quick to volunteer her time in an effort to help others.

A member of the Peer Wellness Pillar at school, she is involved with Students Against Destructive Decisions Club, Camp Good Days, Locks of Love, Meals on Wheels, and Pet Connection. She has participated in Big Brother/Big Sisters and NFJC Leadership retreats. A strong proponent for cultural diversity and anti-bullying efforts, Bryonna has wrapped presents for the less fortunate, worked to raise awareness for homelessness, and created lunch opportunities for people to share cultural backgrounds. A very empathetic student, Bryonna makes sure that everyone is respected and accepted.

For her leadership to promote change one person at a time, the NFJC is proud to present Bryonna Mrozik with the Community Leader Youth Award.
