

NATIONAL FEDERATION FOR JUST COMMUNITIES® of Western New York, Inc.

The NFJC is a Human Relations Organization dedicated to overcoming racism, bias, and bigotry, by building a just and inclusive community through education, advocacy, and engagement.

Building Awareness Workshops

Designed to help businesses of all kinds achieve the **benefits of a diverse workforce**.

Our workshops provide strategies for building inclusive work environments, fostering open and honest dialogue, and identifying/resolving cross-cultural conflicts. NFJC Building Awareness Sessions create an atmosphere that empowers participants as problem-solvers, helping them develop a strong, team-like environment that harnesses the diverse identities, energies, and ideas within the workplace.

HANDS-ON, HUMAN INTERACTION

Our workshops are **hands-on** helping participants create and maintain a working environment that respects and benefits from diverse perspectives. We utilize small group discussions, videos, personal reflection and experiential exercises to help participants become comfortable with cultural differences.

MULTICULTURAL FACILITATORS

Our **diverse team of trained facilitators** work to implement effective Awareness Workshops. To ensure maximum opportunities for participation and dialogue, the NFJC of WNY can customize your program to meet the needs of your organization and address the goals you wish to achieve.
