Sponsored by National Fuel, Camp will teach students about the many Diversity & Inclusion issues that affect our region. Through presentations, activities, and dialogue sessions, the NFJC will help students process what they are seeing in the news and on social media, and we will empower them to affect meaningful and positive change. Participants will grow their leadership skills as they connect with other youth from across the region, and they will learn tools they can use to build stronger and healthier communities in their schools and neighborhoods.
