

## Matthew Sullivan

Matthew is a very outgoing leader at Canisius High School, where he goes above and beyond to make things better. He started a program locally called Students Together on an Empowering Mission, or STEM, which helps connect academically successful students with younger ones from underserved areas, supplying them with the technology and resources needed to help them succeed.

As a National Honors Society member, Matthew has volunteered his time to many, including the NFJC and Roswell Park, where he helped create an Easter Basket giveaway for teens with pediatric cancer. In addition, he has traveled the world in service to others, volunteering for *Education as A Right* in Cape Town South Africa, and in the Dominican Republic where he mentored young children. His passion for social justice issues and equal access for all is evident in his numerous volunteer and outreach endeavors. Matthew's accomplishments are extraordinary for someone his age.

For his commitment to building strong communities wherever he may be, the NFJC is proud to present Matthew Sullivan with the Community Leader Youth Award.
