

## Melverlyn Toe

Melverlyn has a deep appreciation for unity and inclusion. As a senior and a member of JROTC at McKinley High School, she has been involved in many activities to welcome incoming students and their parents. Through JROTC, she has encouraged others to become more active with school clubs like the Donate Life Club.

Melverlyn is a McKinley Academic Achiever Award winner, Honor Roll and National Honors Society member, and a Scholar Athlete Award recipient. She is an integral runner on the school's track team, an outstanding varsity volleyball player, and she is a member of the Foreign Language Club.

Taking on leadership roles comes naturally to her, and her warm and friendly personality makes others feel at ease. These traits, along with her scholastic abilities, will serve her well as a Clinical Physiologist.

For her gift of being a thoughtful leader who wants to bring about positive change to her community while bringing people together, the NFJC is proud to present Melverlyn Toe with the Community Leader Youth Award.
