

## Naagy Omar

An International Baccalaureate Diploma Candidate taking the most rigorous course-load available at City Honors School, Naagy, a polite and enthusiastic senior, excels both in and out of school. He is a Model UN Member, a MasterMinds Club Captain and fluent in both English and Arabic. He has done a Robotic Surgery Internship at Roswell Park Cancer Institute and is a correspondent for the Buffalo News NeXt section.

Naagy has been awarded the Jesse Ketchum Memorial Award for exceptional grades and efforts at school, as well as the Quest for Excellence New Americans Award given to those who have depth of character and thoughtful written reflections as a first generation American. As Naagy himself states, after arriving here from Yemen, one of the most difficult challenges he had to overcome was learning English. Not only did he overcome this adversity, he excelled by teaching his siblings Arabic, bridging English and Arabic cultures so that they would learn and understand both.

For his positive personality and commitment to academic excellence, the NFJC is proud to present Naagy Omar with the Community Leader Youth Award.
