

Nasser McLaurin

Nasser is a Seneca who was born on the Cattaraugus territory but is now a resident of Buffalo currently attending Hutch Tech High School. He is a positive role model not just with any individual he encounters. He is supportive in tough situations and is involved with his Seneca community through events and projects.

In school, he has maintained either honor or merit roll status while being active in sports. He plays basketball, boxing, JV Football and Lacrosse and is proud to share the history of the game. He has worked in the summer language camp working with younger kids while learning more about his culture and the Seneca language.

Nasser is a leader who chooses his friends wisely while resisting negative peer pressure. His compassion for others was evident in his cool demeanor during a recent car accident where he remained calm and helpful amidst crisis.

In recognition of his emerging leadership skills and supportive demeanor, the NFJC is proud to present Nasser McLaurin with the Community Leader Youth Award.
