

Pablo Guzmán

Pablo, a senior at Nichols High School, has understood from an early age the importance of creating an inclusive community. As part of Buffalo Prep, he has worked hard towards that ultimate goal and has given back in appreciation of the opportunities that were given to him.

As a member of the Students United for Multicultural Awareness Club Pablo has helped lead Diversity Conferences and has participated in Leadership Symposiums. He is committed to making spaces welcoming for all. He created a new project for SUMA which promotes inclusion through dialogue and change. Pablo also was a Teacher's Assistant/Counselor for Buffalo Prep's Middle School Summer Program. A dedicated dancer who spends hours outside of school teaching and dancing, he teaches dance to students at Nichols.

For his dedication to his community and his drive to create safe and welcoming spaces for all, the NFJC is proud to present Pablo Guzmán with the Community Leader Youth Award.
