WEB: www.nfjcwny.org

For over 42 years the NFJC has brought together student leaders from across WNY to provide a **FREE** residential camp designed to foster community building and personal growth. *The Agents of Change Camp* features presentations by community partners and NFJC led activities that are centered around Leadership, Awareness, and Advocacy.

Students selected represent differing backgrounds and viewpoints which spark conversations around current issues that are important to them. Through dialogue sessions, presentations, and fun camp activities, the NFJC helps students process what they are seeing and hearing, while empowering them to affect meaningful and positive change within their community. In addition, there are fun camp activities like ziplining, hiking and so much more. Our students start as strangers, but leave as friends!

We need **YOUR** help to sustain this time tested program. Please consider a sponsorship in support of our youth leaders.
