

2020 Community Leader Youth Award

Eric LeBron

Eric is a senior cadet at WNY Maritime Charter School who has the great ability to unify his fellow cadets, even when there seems to be division. He rarely shows anger, and is a motivator whose positivity and compassion for other's perspectives has helped propel him to become a Battalion Commanding Officer of the entire NJROTC unit at school; one of the highest ranks a cadet can achieve.

Eric has received 88 separate awards including the American Legion Scholastic medal. He was chosen as one of an elite group of students in NY to come together to learn about team building and government. He has also won three awards for his physical fitness.

His community service includes 215 hours to places like Hospice Buffalo, Forest Lawn, Christmas Cards for the Troops, Blood Drives and many others.

Our country would be honored to have such a stellar and dedicated serviceman to protect and guide us. The NFJC is fortunate to recognize his desire to serve, and to acknowledge his outstanding leadership skills. We are proud to present Eric LeBron with the 2020 Community Leader Youth Award.
